## EASTERN COUNTIES ROTTWEILER DOG OF THE YEAR 2007

Saturday October 27th at The Gateway Hotel, Nottingham

All Photographs by Alan Walker

I was delighted to be free to judge this event having had to decline on several previous occasions.

Held for the second time at The Gateway Hotel in Nottingham it really was a truly splendid and most enjoyable evening. Beautifully laid out, well organised and all attending dressed to befit the occasion. In aid of Rottweiler Welfare the evening was extremely well supported, the atmosphere could not have been bettered, it really felt like being part of a huge family.

Formatted as a match the dogs were of a high order, displayed superb temperaments and were in excellent condition. Top Dog went to Bonds Ch & Ir Ch Kanesbrook Black Denzil, all male with ample bone and substance without being overdone. Portrayed the cleanest of outlines being so well constructed and balanced. Muzzle with depth in proportion

to skull, defined stop and good width between high set ears, expressive well-shaped dark eyes. Gently arched powerful neck, ribs back and nicely sprung, excellent muscle tone and a free, easy mover.

Heading the Bitches was Fullers Kylamie Miranda, I considered her feminine with strength and harmonious in proportion and balance. Showing to full advantage she too has a well laid out head with correct attributes. Good reach to arched neck into well appointed shoulders supported on well boned sound limbs. Ribs sprung, body of substance with strength to loin and well defined and muscled hindquarters. Sound purposeful mover.

When it came to the crunch the final accolade went to the male, still up on his toes and

moving with consummate ease. I felt he fully earned and deserved this award. My congratulations go to both the Dog and Bitch owners.

Photographs taken and then straight into a delicious dinner, minimum of speeches followed by a lively auction that was quite something. Fanciers of this breed have to rate among the most dedicated in the country, often knocked askew by bad press, those attending this type of event do all in their power to promote responsible breeding and ownership - tonight was testimony to that.

Having raised what I believe was a considerable sum the dancing begun and when I eventually left everything was still in full swing. Thank you for a most enjoyable evening.

Stuart Mallard
