Crufts 2008 – our best show ever!

CRUFTS 2008 was undoubtedly our best show ever! During the course of the year from Crufts 2007 we entered into discussions with Petlog – the KC's Pet Identification Service and Vets Get Scanning (VGS) with the intention of joining forces to present a united front in the campaign to prevent dog theft and encourage permanent identification for pets. The result was three stunning stands in hall 2 of the NEC.

The Petlog stand manned by manager Celia Walsom and her energetic team gave vital information and guidance on microchipping while the rear of the stand divided into two with Dog Theft Action and Vets Get Scanning focussing their information on avoiding dog theft and encouraging vets to scan all new dogs – a perfect example of co-operation and co-ordination!

DTA's new slogan for Crufts 2008 Dog Theft – Don't Be A Victim and an image of an unused dog lead and collar, appeared on a huge back drop that was visible from every aspect and also on our new flyers and car stickers. These drew attention to our warning to avoid dog theft wherever and whenever possible.

We were delighted to welcome existing and new friends to the DTA stand. They showed their support by signing the Jester's law petition, playing "Guess the Name of the DTA Dog" or making a donation to the DTA Scanner Appeal. For all this

the Trustees are very grateful and appreciative as it enables us to offer more literature to the public.

One of the long-standing and treasured aspects of our mission is to present organisations in the welfare and rescue world with a microchip scanner. So committed is DTA to permanent ID that we present microchip scanners to deserving organisations that rescue and rehabilitate dogs so that they can be sure that they never rehome a stolen dog. These organisations are recommended to us by word of mouth and we invite key figures in the canine world to make the presentation on our behalf.

This year we presented 3 Pet-ID Identifier Scanners that were generously donated to the DTA Scanner Appeal by Sarah Fry Sales Director of Pet-ID. The first was to Lynsey Wardell and the lovely Pudsey of Bullies in Need – an organisation that rescues Bull Terriers, presented by Roy Barraclough MBE. The sec-

ond was to Jayne Shenstone of German Shepherd Rescue UK presented by dynamic duo – Dog of the Millennium, Endal and his human partner, and DTA Vice Chairman, Allen Parton.

Anne Evans-Wallet and Sue Lunt co-founders of Rottweilers in Need received their scanner from Dangerous Dog Lawyer, Trevor Cooper accompanied by Mary McPhail the KCLC Breeds Council Rottweiler representative and DTA's Nikki Powditch who founded Jester's Law. The proceedings took place under the watchful eyes of Anne's Rottweilers; Morgan and Roxy who represented their breed with dignity and grace.

Our final presentation was the first Dog Theft Action & Vets Get Scanning Dedication Award. This award seeks to honour those organisations that have recognised the concerns of DTA & VGS with regard to dog theft in the UK and have worked hard to address those issues

that can be brought into their everyday working practice. This award was presented to Petlog for their dedication and determination to provide a support network to dog owners when the worst happens.

The award was presented to Celia Walsom on Sunday 9th March by TV presenter Victoria Stilwell who said, "I was delighted to be asked to present the very first Dedication Award on behalf of Dog Theft Action and Vets Get Scanning to Petlog in recognition of the work they do to reunite pets with their owners and the unfailing support and enthusiasm they have given to the campaign to reduce dog theft in the UK."

A large crowd gathered at the DTA and VGS stands in hall 2 to observe the presentation. Victoria made reference to the devastating consequences when the unique relationship dog owners build with their pets is severed by dog theft. She praised the Petlog team for their tireless efforts to reunite missing dogs with their owners. She described the team's commitment, innovation and determination to draw attention to permanent identification of pets and the concern and compassion displayed at such a crucial time in any dog owner's life.

After the presentation Neil Ewart Chairman of DTA said, "Dog Theft Action is delighted that so many organisations and individuals have offered enthusiasm and support for our mission. 'Petlog' in particular provides a unique service for all dog owners in the terrible time when they lose a beloved pet. We have worked very successfully with 'Petlog' for over three years and have greatly valued their advice, information and most importantly their encouragement. DTA looks forward to continuing this association and building on this strong working relationship with Petlog."

Debbie Matthews founder of Vets Get Scanning said, "Petlog has strived tirelessly to encourage vets to recognise the need to scan dogs routinely. By acting as a go-between Petlog is able to reinforce the importance of microchipping as well as helping vets to realise what dog owners need and expect. VGS is delighted to honour Petlog with this award."

Spinone teaches kids to read

Labelled the biggest dog show in the world, Crufts draws a large number of overseas entrants these days. This year was no exception and among those drawn to exhibit at Crufts was Deputy Sheriff of Hennepin County Daryl Cooper, with Italian spinone Stella CH QUATTRO ZAMPE FIAMME from the USA.

Labelled the biggest dog show in the world, Crufts draws a large number of overseas entrants these days. This year was no exception and among those drawn to exhibit at Crufts was Deputy Sheriff of Hennepin County Daryl Cooper, with Italian spinone Stella CH QUATTRO ZAMPE FIAMME from the USA.

Daryl or Cooper as he prefers to be known, has had a life long interest in dogs, as Daryl pointed out

"My mom told me I was not going to make a career in dogs, I

said, 'Mom, I am.' ". What started as an interest as a youngster has certainly taken Daryl far and wide, he has competed with Stella at many top shows in the USA and in Europe, but this was the first time for both at Crufts.

When not competing in shows, Stella owned by teacher Teri Turn and Kris Smith of Charles City, Iowa accompanies Teri who is a remedial teacher for children with learning difficulties, to school. Teri has found that by asking the children with reading problems to read to

Stella their reading levels show a marked improvement. As Teri says many of the children are shy of trying to read in class, but are more than happy to amuse Stella by reading to her. Originally bought as a pet Stella was a typical farm dog, when Daryl first saw her. He thought she had the potential to go far, and persuaded Teri and Kris to allow him to show her.

As part of his job as a Deputy Sheriff Daryl keeps his interest in dogs as he works as a dog handler as part of his role as a detention officer. When not working Daryl divides his time between his family and training dogs. A fellow American exhibitor described Daryl as a genuinely nice guy, who she saw a few years ago at a show in the US jump over a ring side barrier when a fellow exhibitor had a very nasty fall on concrete, he caught her dog, made sure she was ok and received first aid, later going on to handle her dog for her in the class.

By bringing Stella to the UK Daryl hoped to show that she would do well and was very pleased when she won her class. He hoped to show that American bred dogs are of a good enough quality to win at a premier show on the world scene, which of course most people think of Crufts as being the number 1. When their big moment came to challenge for the bitch CC daryl told Our Dogs that "Teri was so nervous I had to send her shopping!" Winning the Reserve CC with Stella was a real thrill for both Teri and Daryl, who were truly delighted to be at Crufts. Her win makes Stella the highest placed American bred dog to date at Crufts.

Support Dogs new coats

By Sheena Stratton

Friday 7th March saw some very smart Support Dogs at Crufts thanks to the generosity of Dr Roger Mugford of The Company of Animals.

Roger has donated new coats to be worn by these hard working animals as they enrich the lives of their owners allowing them to live life independently and enjoy a wide range of activities. Support Dogs works specifically with people with epilepsy and those with physical disabilities and trains dogs to do a range of specific tasks including alerting their owners to an oncoming seizure.

Recent reports have suggested that unregistered dogs are posing as assistance dogs and these new jackets will help to ensure Support Dogs are easily identifiable, preventing any misunderstandings as to their role.

Being imported from Canada the jackets are robust, hard wearing and

of high quality as well as being the new bright blue uniform that will soon become synonymous with this highly regarded charity.

Angela Gregory, Support Dogs Head of Fundraising, is thrilled with the donation from Roger and his team, saying " We are so delighted to be working with The Company of Animals as these jackets will set our dogs apart as they continue to make a difference and transform lives."

Support Dogs is a growing charity dedicated to improving the quality of life for people with epilepsy or disabilities by teaching assistance dogs tasks specific to their owner's needs. Support Dogs trains seizure alert dogs who can warn their owners of an imminent epileptic seizure giving their owners much greater

independence and in many cases a new lease of life.

Support Dog Baxter and his owner Kym Stretton joined Dr Roger Mugford and his team at Company of Animals to celebrate the partnership at Crufts. Baxter modelled his new jacket on the Company of Animals' stand.

Angela Gregory, Support Dogs Head of Fundraising, commented:

" We are so delighted to be working with The Company of Animals as these jackets will set our dogs apart as they continue to make a difference and transform lives."

For more information about Support Dogs telephone 0114 261 7800 or visit www.support-dogs.org.uk.

OUR DOGS LEADS THE WAY TO THE WORLD WIDE WEB

Seven years on the Internet and still going strong!

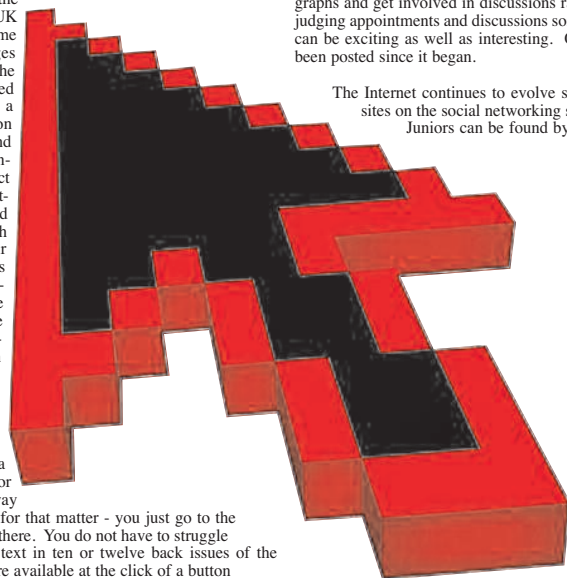

Our Dogs recognised the important of the Internet in the late 1990s and eight years ago in 2000 the decision was taken to establish an Internet presence.

Our first trials were launched in 2001. By the following year all breed notes, show reports and news stories were being uploaded onto www.ourdogs.co.uk as the presses were rolling in Lincolnshire so that web browsers across the world as well as in the UK could access them at the same time as the printed pages were dropping through the letterbox or being collected from the newsagent. It is a time consuming operation but our web team also found time to create our own on-line shop (rather than direct our site visitors to other outlets for their purchases) and our Interactive pages which feature the results of our reader surveys as well as photographs and even podcasts and videos. Since we went fully live there have been almost 9 million separate visits to the site which can sometime see 7 or 8 thousand visits in a single day. The great advantage of the site is that everything is stored in the right place. If you want to find a Crufts report from 2003 - or one from the Upper Hogsway canine society last month for that matter - you just go to the date and all the reports are there. You do not have to struggle through a dozen pages of text in ten or twelve back issues of the paper to find them - they are available at the click of a button

Last year Our Dogs embraced the next phase of Internet technology by launching its on-line edition. This means that not only do we have the archive but each individual page is available on line as it appears in the paper.

In 2003 we launched our own message board (<http://groups.msn.com/OURDOGSONLINE>) which now has 1,400 members and is a site where you can publish your own photographs and get involved in discussions ranging from vaccinations to judging appointments and discussions sometimes get very lively so it can be exciting as well as interesting. Over 25,000 messages have been posted since it began.

The Internet continues to evolve so Our Dogs has set up two sites on the social networking sites on Face book. One for Juniors can be found by going to the Facebook site (www.facebook.com) and searching Our Dogs Young Kennel Association and the other by searching Our Dogs Picture Archive. If you are already a Facebook user you can immediately link in to your family and friends everywhere. Rest assured that OUR DOGS will continue to develop both in print and online, in keeping with all readers requirements.

RAVENSETT ENGLISH SETTERS

SH CH RAVENSETT BIANCA 15CCs 13RCCs 9BOBs
(Sh. Ch. Fishwick My Guy x Ravensett Astra)

- ◆ Bitch CC, BOB & shortlisted in the Gundog Group Crufts 2008
- ◆ BIS Midland English Setter Society Champ Show 2008
- ◆ Top winning English Setter bitch 2007
- ◆ Gundog Group 2 Leeds 2007

A special thank you to both our breed judges (Mr James Baldwin, Dogs and Mrs Gillian Spencer, Bitches) for sending Bianca through to the Group.

Also many thanks to all our friends and fellow exhibitors for their many cards, phone calls and emails of congratulations on what was certainly a day to remember.

Bianca will now take a back seat from the show ring and we will hopefully be mating her in the summer.
